Handling

Special care should be taken when handling EverGrain Decking products, because the boards are heavier and more flexible than wood. Do not attempt to lift or carry more than you can safely handle at one time.

All products should be installed according to EverGrain installation instructions.⁵

¹ Representation of these colors is as accurate as our printing will permit. As with any composite product, color variations will occur. View several full-length boards prior to final color selection and installation. Color of boards will usually weather to a lighter shade within the first 12 weeks of exposure to the elements. Color selection may vary across profiles.
